

THE ORDERS FOR THE WAIT AND SEE ODYSSEY BOOK & DVD

Following is the order form (for within Australia) for the WAIT AND SEE ODYSSEY book and DVD set. The set is available at \$85.80 which represents the best possible value for a colour production, given the small production run of only 500. The \$85.80 includes the GST. Postage is at cost and the details are on the order form.

We looked at all types of payment options, but cheques and money orders were the cheapest options. Setting up accounts for just 500 items would have increased the cost of the book and DVD.

Many people helped with advice in keeping costs low and without exception the interest shown in the project by the suppliers and vendors was well beyond normal business requirements.

Still, things went wrong. The book binder we had employed went broke (luckily we had not paid any money), the first 500 DVDs were mistakenly burnt in draft form and had to be destroyed, and to top it off, the computer I was using would not under any circumstances transfer directly to the printer's computers. In the end, Susan and I sat in the printers' office and typed in all the necessary corrections.

We hope that you will enjoy the story of the crossing of Australia from west to east by the three little Bradfords. For if you do, you never know, we might decide to go from south to north! How does Dover (Tas) to Darwin sound?

On a personal note, I would like to say thank you to all those who offered support and encouragement at times I needed it. I thank you all for your patience and anticipation.
